

## Stefan Wolf

Stefan Wolf is Professor of Software and Internet at the Ostwestfalen-Lippe University of Applied Sciences. His research interests lie particularly in the application of computer science methods in the environmental sciences.

Stefan studied physics at the Technical University of Braunschweig and the University of Göttingen between 1988 and 1994. He received his PhD in 1998 in Göttingen in the field of medium energy physics. From 1998 to 2004, he was an Internet Security Officer at the Federal Office for Information Security. From 2002, he held a lectureship at the Bonn-Rhein-Sieg University of Applied Sciences. In 2004, he was appointed to the Ostwestfalen-Lippe University of Applied Sciences.
